Characterization by Weight
09.08.2025 - Casino Waste

Compostable & Recyclable Materials = 70% of Casino Waste

Characterization by Weight
09.09.2025 - Tribal Government Waste

Compostable & Recyclable Materials = 63% of Government Waste

“Talkin’ Trash”

The September waste audit results are in!

It turns out that the Tribe can do a lot better at diverting material from the landfill. See graphs of results on the left.
